Subject: FW: Any updates from CDPHE on the "Triangle" Group?

Deb and Betsy,

I was able to connect with Alex Helling, CDPHE's EJ contact, today. He said that progress has been stalled a bit as Jen Opila is doing double duty as water division director right now. He did say that he has reached out to John Putnam regarding some next steps and hopes to be able to provide me an update next week.

Deb and Betsy,

I haven't heard anything since the last meeting. I will reach out to my EJ contact there, Alex Helling, and will let you know what I learn.

On a related note, I am in the process of compiling the list of ongoing and planned EPA activities in the industrial triangle area and plan to have something to share with you next week.

Betsy – Please let me know if there's anything you'd like me to add to the list as a result of VB/I70 developments.

Corbin

Corbin, please update. Betsy, given the early stages of the CDPHE effort to bring agencies together, please reach out to Jen on current activities.
